

the evolution.

**OF OUR TECHNOLOGY.
OF OUR SERVICES.
AND NOW, OF OUR FUTURE.**

For 125 years, **MIDTEL** has continued to innovate and evolve to meet the needs of our growing communities and customers. Well into our 2nd century of great service, **MIDTEL** continues to lead the market with High Speed Fiber Internet, Wireless/WiFi, and Phone solutions. The **MIDTEL** name incorporates all of our products and services under one family umbrella.

Our history and roots run deep. Our same dedicated and growing staff of employees and 4th generation family leadership continues to help us innovate and grow. We look forward to providing reliable and robust services to all of our communities for another 100 years.

MIDTEL is still local, still community focused, and still the most reliable communications service provider in Schoharie County and beyond.

MIDTEL. Innovative Solutions Since 1897.

direct fiber

FOR BUSINESS

MIDTEL.com

fiber. why?

FIBER TECHNOLOGY IS THE FUTURE.

MIDTEL continues to deploy state-of-the-art fiber optic network that will carry communication services using light waves instead of electricity. **Direct Fiber SPEED, powered by MIDTEL**, known as Fiber-to-the-Premise (FTTP), is the most advanced communication system available in the world today. **Direct Fiber SPEED** is incredibly efficient, allowing data to flow farther and faster than ever before.
